Request Process

The Library Director or designee will provide a written response to requests within 3 business days of receipt of the request.

- The 3-business-day response time begins when the custodian of records, the Director, or their designee, receives the request. Business days and office hours are Monday - Friday, 10 to 5.
- If the records are not readily available, the Library Director or designee will notify the requester of the estimated time required to fulfill the request.
- Record provision may be delayed if legal counsel is required to determine if a record is exempt from KORA
- The response may include a cost estimate for fulfilling the request and require prepayment.
- If the records are not disclosable under KORA, the Library will notify the requester of the reasons for the denial.

Possible reasons for denial of a request

- The requestor declines to pay the fees associated with fulfilling the request
- The specific record requested does not exist
- The request was unclear and should be resubmitted with more detail
- The record requested is closed to protect an important privacy interest (see the list of Library record exemptions above; see additional exceptions to KORA at K.S.A. 45-221).
